SUMMARY

Skilled in web and cross-platform app development, specializing in React and Next.js. With a BS in Computer Science from COMSATS, I have worked on projects such as Real Estate Marketing, AI-based Face Recognition, and Handyman Websites. I bring strong problem-solving abilities, teamwork, and a passion for developing innovative web solutions.

WORK EXPERIENCE

full Stack Developer, Aiobic Software House   **Feb 2021 - Dec 2022**

- Designed and optimized an Eye Recognition system, realizing a 17% performance improvement.
- Converted static HTML websites into dynamic React-based applications for improved performance and maintainability.
- Translated the Figma design into a fully functional, responsive website using React.
- Designed and prototyped a website in Figma, focusing on user experience and interface design.
- Data scraping using Python butterfly, Data filtering and Data Annotation techniques applied to enhance dataset accuracy for machine learning models.

SELF PROJECTS

- Developed full-stack CRUD Web Application using React Native, MongoDB, and REST API.
- Built User-Authentication App with Express.js, implementing secure JWT-based authentication.
- Designed a Portfolio Web Application using Next.js, Email.js, Zod, Tailwind CSS, and Hooks for smooth user experience.
- Ongoing projects: Real-Time Chat App, ChatGPT Customization, and 3D Animation development with Three.js and Canvas.

EDUCATION

Bachelor in Computer Science (BSCS)   **Aug 2019 - Oct 2023**
COMSATS University Campus Attock
- Major in Computer Science (BSCS).
- FYP on "Price Prediction of Land and Real Estate marketing".

HSSC
HSSC, Hope Science College Qutba Mor.
- Major in Computer Science.

SSC

SSC, Fazaia Degree College ARF Kamra.
- Major in Computer

ADDITIONAL INFORMATION
